INSIDE SPORTS

Men's Indoor Soccer | First edition | January 26

My goal is to improve our communication and give you some inside tidbits from the games. The First week of games were exciting, and I hope they continue to keep you entertained for the remainder of the year. Please give me feedback to help improve our sports programs at the YMCA. You can call me or shoot me an email at mguzman@ymcaswkansas.org. Always remember to have fun, display good sportsmanship and hopefully you will develop some lifelong skills!

FROM THE DIRECTOR: Just like the Pele Division, there were a lot of great games in the Maradona division! Great work from Alianza FC for keeping their composure and making a comeback when all seemed lost and they were down by quite the deficit in the first half. Can't wait to see what happens in this division as the season progresses. Best of luck!!
