INSIDE SPORTS

Men's Indoor Soccer | Fourth edition | February 16

My goal is to improve our communication and give you some inside tidbits from the games. The First week of games were exciting, and I hope they continue to keep you entertained for the remainder of the year. Please give me feedback to help improve our sports programs at the YMCA. You can call me or shoot me an email at mguzman@ymcaswkansas.org. Always remember to have fun, display good sportsmanship and hopefully you will develop some lifelong skills!

FROM THE DIRECTOR: A lot of great games this past weekend! Bulldogs are slowly getting better! They played much better against one of the tougher teams in their division and scoring the most they've score in any game, keep improving and you can still turn your season around! Everyone else played great games, the San Luis vs SJ Obrero was a real nail bitter coming down to the last minute! Great reffing from Erik Barragan on his first time and having to deal with such a tough game! Keep up the great work gentlemen!

FROM THER DIRECTOR: Just like with the Pele division there were tons of great games in the Maradona division as well! Good squad got their first loss against African Stars in a heated match that came down to the final minutes as well. The league is still anybody's race. Great work from Barclay College as well who are improving with each passing game! Can't wait to see the games this weekend!
