

the My Y Story

MIGUEL RIOS

I went into Crystal Ibarra's office and inquired about my scholarship application. She told me I was approved for 50% off. That means, I was only required to pay \$25 a month to enjoy the Y. This has made a difference for me financially, emotionally, spiritually and physically. I had a stroke and was divorced, but the YMCA helped me stay healthy and keeps me active. I love the facility and the programs. Everyone is very nice at the Y and the girls at the front are amazing and always willing to work with me. With tears in my eyes, I thanked Crystal for what the YMCA has done for me. The YMCA holds a special place in my heart! Thank you YMCA!
